Find my car

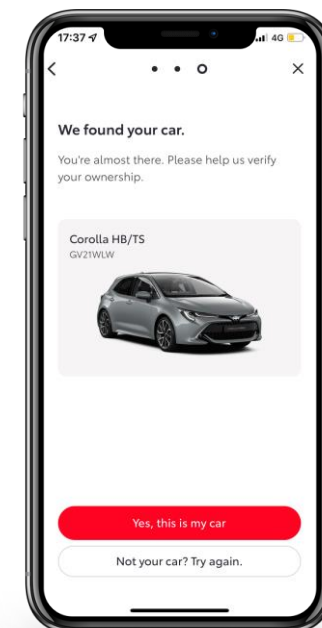

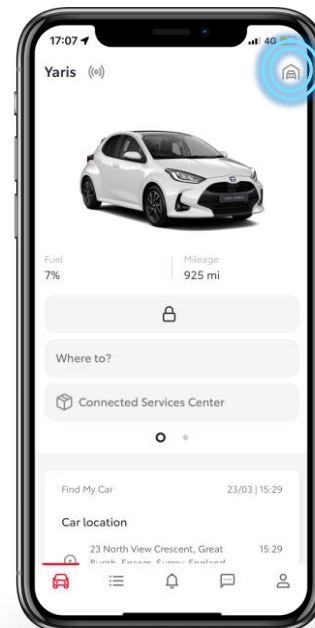

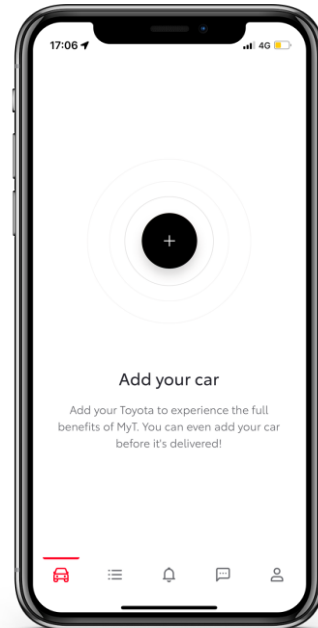

Warning lights

To access those features you need to activate the connected services. We will guide you through the process in this tutorials.

FIRST STEP - ADD YOUR CAR TO THE APP

- If no vehicle exists, the app will offer to add a car as shown
- To add another vehicle, please click on the garage in the top right.
- Click 'Add a car'
- Add vehicle using either REG or VIN
- Confirm that the correct vehicle has been found

MyT | App

Step 1 – From the homepage, click on the Connected Services Centre.

Step 2 – Click on the “Available” tab in the top right.

Step 3 – Choose “Connected Services” and click on “Activate”

Step 4 – Click on “Terms of use & Privacy Notice” & approve.

Step 5 – Get into your car, switch the ignition ON and read your car mileage .

Step 6 – Enter the car mileage in the app.

Step 7 – Switch the ignition OFF.

Step 8 – Drive your car faster than 10k/h to activate the services and confirm the services are active in your app in the Connected Services Center.
